Rebates

Health Rebates

Health rebates are available and you may be able to claim part of your consultation fee back depending on the level of cover from your health fund. To check your level of cover it is a good idea to phone your insurer prior to the consultation.

Medicare Rebates

Clients referred by a specialist or GP are eligible for Medicare rebates

Cancellations

Please provide at least 24 hours' notice for all cancellations or rescheduling of your consultations. A cancellation fee of 50% of the total consultation fee will be charged for missed or canceled appointments, with less than 24 hours' notice. This fee can then be used as credit towards your next appointment. We understand situations where short notice is unavoidable and this will be taken into consideration.
